Business Strategy

Brackworth Investments (Pvt) Ltd, is a diversified trading company whose scope of products range from hardware, timber, commodity broking and general supplies. Structural constraints and cost factors remain a factor in Zimbabwe a net importer of a wide range of goods. The company seeks to define its position in making such imports as powdered milk and other demand driven consumer goods as a competitive price. Its principal objective is to ensure that goods, especially goods are availed to consumers and traders at responsible prices.

Incorporated in 2022, Brackworth Investments (Pvt) Ltd is a new venture founded by businesspersons with extensive experience in the consumer goods and allied trades.

The scope of services include:

- Supply of powdered/ milk concentrates
- Building materials
- Commodity and general trading

The company is wholly owned by indigenous company.
